Gary,

Since the storm is now headed to the Houston area, the reports in Corpus Christi indicate minimal impact if any from Ike. As a result we are not performing any extra actions.

Paul Supak will inspect the site on Monday and will provide me with an update and if there has been any impact I'll immediately let you know.

Steve:

What plans have you guys made for Hurricane Ike? Please give me a status by Monday.

thanks

Thanks, we're planning on separating the waste and sending the sludge to their facility for solidification.

Hi Gary, US Ecology, Robstown, TX is acceptable for CERCLA wastes.
Last inspection was conducted June 13, 2008.

CERCLA

Gary,

Is the US Ecology disposal facility in Robstown, a CERCLA approved facility? We are proposing to solidify the tank bottom waste, which has been characterized as non hazardous, at the facility and dispose of the waste at the facility in their landfill.
